WORKING EXPERIENCE

14-years pedagogical experience in the system of secondary and higher education as a teacher and lecturer.

7-years experience of research activity in social sciences and humanities.

6- years experience in fundraising and management of the scientific projects activity.

ACADEMIC INTERESTS

Together with D. Zhukov he launched the development of computer models with the application of fractal geometry with the purpose to simulate phenomena and processes in social and political spheres.

I also published writings on Russian history in the 2nd half of the 19th - early 20th centuries, social and historical anthropology, mathematical modeling of social processes, futurology, problems of post-industrial society and postmodern culture.

ACADEMIC ORGANIZATIONS

Together with D. Zhukov, he is a founder and a scientific supervisor of the Center for fractal modeling of social and political processes of the G.R. Derzhavin Tambov State University.

PUBLISHING ACTIVITY

Together with D. Zhukov, he is a founder and an editor-in-chief of academic journals:

Ineternum. ISSN 2074-0514. The journal covers methodology of forecasting in social and political disciplines.

Fractal simulation. ISSN 2222-0674. The journal is specialized to the issues of computer modeling.

Staff member of the boards of academic journals:

The information bulletin of the "History and Computer" Association. ISSN 2226-9142.

GRANT SUPPORT OF RESEARCH PROJECTS

Supervision of research projects:

The President of the Russian Federation grant for young candidates of sciences № MK-5604.2012.6, project «Visualized metaphors as a mean of educational communication in the process of teaching history and social studies», head – S.K. Lyamin.

State contract №II562 of May 17th, 2010, «The development of social, cultural and political network relations in Russian cities in the 2nd half of the 19th and early 20 centuries». (Ordering customer – The RF Ministry of education and science. The Federal academic program "Academic and educational research cadres of innovative Russia" for 2009 - 2013), 2010 – 2012 rr., head – S.K. Lyamin.

The Russian Foundation for Fundamental Research, project 12-06-31111 mol_a “The study of institutional modernization by means of fractal simulation”, head – S.K. Lyamin, 2012 – 2013.

Participation in research projects as a staff member:

The Russian Foundation for Fundamental Research project №10-06-00250-a «Computer modeling of modernization processes by means of fractal geometry», head – D.S. Zhukov, 2010 – 2011.

State contract №II930 of May 26th, 2010, a project named «Forced modernization of political institutions: computer modeling, forecasting of outcomes and non-linear effects» (Ordering customer – The RF Ministry of education and science. The Federal academic program "Academic and educational research cadres of innovative Russia" for 2009 - 2013), head – D.S. Zhukov, 2010 – 2012 rr.

DSP project "Historical, linguistic and culturological framework for formation and preservation of national self-consciousness under conditions of intercultural communication" (Ordering customer – The RF Ministry of education and science. The ministerial academic program "The development of academic potential in the higher education (2009 - 2010)", State registration № 0120.0 803597)

DSP project № 2.1.3./2626 "Demographic and ecological problems of the Russian agrarian province in the 20th century: from micro-researches to macro-generalizations" (Ordering customer – The RF

Ministry of education and science. The ministerial academic program "The development of academic potential in the higher education (2009 - 2010)", State registration 01.2.00 900970).

State contract № 14.740.11.0240 of September 15th, 2010 «Mechanisms and actors of decision-making: an applied research (case of Russia's European part cities)» (Ordering customer – The RF Ministry of education and science. The Federal academic program "Academic and educational research cadres of innovative Russia" for 2009 - 2013), 2010 – 2012, head – D.G. Seltser.

State contract № 14.740.11.0206 of September 15th, 2010 «Environmental history aspects of the history of the Russian agrarian society: the reflection of global issues on the local level» (Ordering customer – The RF Ministry of education and science. The Federal academic program "Academic and educational research cadres of innovative Russia" for 2009 - 2013), 2010 – 2012, head – V.VI Kanishchev.

State contract № 16.740.11.0703 of June 08, 2011, "The research of non-linear effects of the modernization dynamics of the social and political phenomena» (Ordering customer – The RF Ministry of education and science. The Federal academic program "Academic and educational research cadres of innovative Russia" for 2009 - 2013), 2011 – 2013, head – O.V. Golovashina.

DSP project № 3.2.1/12146 «The model of modernization in the HEI research environment under the influence of the state science policy: a local dimension of the national strategy», 2011. Ordering customer – The RF Ministry of education and science. The ministerial academic program "The development of academic potential in the higher education (2009 - 2011)".

Project № 6.4600.2011 «Modernization of the university's research infrastructure in a changing social and economic conditions» as a part of the governmental assignment to the higher education institutions, 2012 – 2014.

Project № 6.4640.2011 "The development of the multifunctional system of research projects' expert evaluation" as a part of the governmental assignment to the higher education institutions, 2012 – 2014.

State contract № П662 of August 10th, 2009 (The Federal academic program "Academic and educational research cadres of innovative Russia" for 2009 - 2013), project "Social dynamics of the process of economic modernization of Russian agrarian regions (case of the Central Black Soil Region), 19 – early 20th centuries", 2009 – 2011, head – R.B. Konchakov.

State contract № П358 of May 07th. 2010 (The Federal academic program "Academic and educational research cadres of innovative Russia" for 2009 - 2013), project «Party and political elites of provincial Russia (1890's-1920's)», 2010 – 2012, head – L.G. Protasov.

PATENTS AND REGISTRATION CERTIFICATES

Certificate of state registration of the "Modernofractal fractals-creator" computer program by Rospatent. Certificate № 2011619003 of November 18th, 2011. Authors – Zhukov Dmitry Sergeevich, Lyamin Sergei Konstantinovich, Movchko Yulia Igorevna.

Certificate of state registration of the "Fractaloclaster fractals-creator" computer program by Rospatent. Certificate 2013612804, 14.03.2013. Authors – Zhukov Dmitry Sergeevich, Lyamin Sergei Konstantinovich, Movchko Yulia Igorevna.

SOFTWARE DEVELOPMENT

Developer (together with Yu. Movchko and D. Zhukov) fractals-creating programs: Mentalofractal, Demofractal, Imitation, Imperofractal.

SCHOLARS' PUBLIC ORGANIZATIONS

Founder (together with D. Zhukov) head of the academic public organization TRPO The network center of futurology and forecasting «Ineternum». The purpose of the organization is an assistance to the scholars' dialog on contemporary issues and forecasting methods in the social and political fields of knowledge.

Member of the All-Russian scholars' public organizations:

“History and Computer” Association (HCA)

Russian Association of the Political Science (RAPS)

Association of Futurologists

PARTICIPATION IN THE ACADEMIC CONFERENCES

Participant of more than 30 academic conferences.

Presentations of the most significant conferences:

"Empire under conditions of the democratic transit: Russian and British experiences". A report on the conference "System characteristics of the political regimes in contemporary Russia and Central and East European countries" (March 24th and 25th, 2005, Saratov, D.S. Zhukov)

"Modeling of historical phenomena and processes by means of fractal geometry". A report on X Conference of the "History and Computer" Association (Moscow, 2006. D.S. Zhukov, .S.K. Lyamin.)

"Modeling of historical processes by means of fractal geometry". A report presented at the MSU Department of historical information (Moscow, November 2006. D.S. Zhukov, C.K. .S.K. Lyamin.)

"Modeling of mental and environmental processes by means of fractal geometry". A report on the "Problems of Russian self-consciousness" interregional conference held by the RAS Institute of philosophy (Tambov, 2007, D.S. Zhukov, S.K. Lyamin.)

"A fractal approach to study evolution of administrative and political system of the British Empire in the 2nd half of the 19th and 20th centuries". A report on the Russian and British conference "Russia and Britain on the way to understanding" (Moscow, April 18th and 19th, 2007, D.S. Zhukov.)

"A fractal model of urban environment modernization in Central Black Soil region". A report on the "Urbanization in Russia in 18th – early 20th centuries" interregional scientific conference (September 17th and 18th, the G.R. Derzhavin Tambov State University. S.K. Lyamin)

"Innovative approaches in historical studies: information technologies, models and methods" international conference. The "History and Computer" Interregional Association. The Moscow region, December 13th – 15th, 2008 r.

"Modeling of dynamics of demographic processes in agrarian regions of the 19th and 20th centuries' Russian province by means of fractal geometry". A report on the Agrarian Symposium (Ryazan, September 21st – 24th, 2010, D.S. Zhukov, V.VI. Kanishchev, .S.K. Lyamin)

Zhukov D.S., Kanishchev V.VI., Lyamin S.K. "Fractal modeling: technology and heuristic productivity". A report on the "History and Computer" Association conference (The Moscow region, October, 22nd - 24th, 2010 r.)
